Dear **Principal Mak**,

Re: Achievements of Your Graduates

As we have just embarked on the academic year of 2013-2014, it is my pleasure to share with you the significant achievements made by your former students in the academic year of 2012-2013 in the diverse areas of academic, sports, music, arts and services. In this connection, I would like to express my sincere appreciation of the significant contributions you have made in the children's development during their early years, which has laid a solid foundation for the children resulting in desirable recognitions of their conscientious efforts.

Like last year, we are glad to see a significant number of our graduates being accepted into the undergraduate programmes of the various universities in Hong Kong. The university admission rate in degree programmes was kept at 52.5%, a steady improvement from the previous year. We also see 6 students each gaining more than 30 marks in the best five subjects this year. They set good examples for those who come after them when engaging in the DSE Examinations. We will continue in helping our students to fulfill their potentials, and we will spare no effort in challenging and preparing them for the future.

With pleasure, we are delighted to attach a list of notable recognitions, both internal and external, which your graduates have individually received.

Finally, I wish you resounding success in your educational endeavours and earnestly hope that our concerted effort in providing children with forward looking education will continue to flourish.

Yours sincerely,

Ms. Poon Suk Han, Halina, MH
